## Are you turning 65 or older?

VCC offers Medicare signup assistance to those turning 65 and older.

Your health matters, and we want to make sure you're getting the right information you need to make the decisions that are right for you.

As a VCC patient, you are eligible to meet with a Licensed Medicare Broker at no cost to you. This free service gives you the hands on support of an independent advisor to help you understand eligibility, coverage choices, and plan enrollment.

Get the option to meet in person or through virtual services, and successfully navigate the system and complete the forms you need on time.

## You have the power to choose health.

At VCC we excel at personalized care for every age. Our clinicians work alongside each other to ensure each patient is getting everything they need from the care they count on.

As you age, your health needs more attention, and VCC is here to help. Our clinics offer multiple care services under one roof.
