MEET THE STAFF

Samantha Gil
Camp Counselor

Hi! My name is Sam. I am currently attending Palomar College majoring in Psychology and Criminology. This is my third summer working as a camp counselor for the City of Vista. I had so much fun last summer I HAD to return again this summer. I'm excited for all the fun adventures summer has for us. In my free time, I enjoy surfing and reading.

CHILD DEVELOPMENT

Between the ages of 10 and 13 kids start valuing friends opinions; share secrets and inside jokes. Develop a better sense of responsibility and help out around the house. Development during this period will center on how children process language, literacy and creative arts. They will move from always viewing something in a concrete way (just the facts) to being able to look at things with an abstract approach (having multiple meanings).
